

“Genotoxicology and cancer: Science challenges solved by transdisciplinary collaboration”

47th Meeting of the European Environmental Mutagenesis and Genomics Society

ORGANIZED BY THE FRENCH SOCIETY OF GENETIC TOXICOLOGY (SFTG)

May 19-23, 2019

EHESP School of Public Health, **Rennes, France**

www.eemgs2019.eu

Scientific Topics

DNA Repair and chromosomal instability, Genotoxicity of nanomaterials, Advances in radiotoxicology, High content screening in genotoxicity, New *in vitro* models, Mixture effects, Epigenotoxicology, Mutational signatures, Strategy in genotoxicology...
